Request for Proposals (RFP)

No. 0002-2020

Facilitation of Systems Thinking Workshops

Issue Date: December 18, 2020

WARNING: Prospective Offerors who have received this document from a source other than the Partners for Transparency Activity, Procurement_JXT@dai.com, should immediately contact Procurement_JXT@dai.com and provide their name and mailing address in order that amendments to the RFP or other communications can be sent directly to them. Any prospective Offeror who fails to register their interest assumes complete responsibility in the event that they do not receive communications prior to the closing date. Any amendments to this solicitation will be issued via the Procurement_JXT@dai.com email account.

DAI conducts business under the strictest ethical standards to assure fairness in competition, reasonable prices and successful performance or delivery of quality goods and equipment. DAI does not tolerate corruption, bribery, collusion or conflicts of interest. Any requests for payment or favors by DAI employees should be reported as soon as possible to ethics@dai.com or by visiting www.dai.ethicspoint.com. Further, any attempts by an offeror or subcontractor to offer inducements to a DAI employee to influence a decision will not be tolerated and will be grounds for disqualification, termination and possible debarment. See provision No. 9 for more details.

1. Introduction and Purpose

1.1 Purpose

DAI, the implementer of the USAID-funded Partners for Transparency Activity (JXT) in Colombia, invites qualified offerors to submit proposals to supply and deliver the facilitation services for virtual Systems Thinking Workshops. The selected Offeror will support the JxT team and its partners to familiarize themselves with the concepts and terminology of systems thinking, and support initial collaboration between the five organizations involved in implementation (DAI, Transparencia por Colombia, Foro Nacional por Colombia, Universidad de los Andes, La Silla Vacía). DAI as the prime awardee for this project wishes to use the opportunity to bring together each partner with the project staff members with whom they will collaborate to have the tools and shared vocabulary to generate a shared understanding of the “accountability system” within which they will operate. The expectation is that this group will need to be brought together through an interactive training on the basics of systems thinking, debate and discuss the utility and application of the concept to the development context in Colombia, and then work together in small groups to develop a first draft of a stakeholder map.

1.2 Issuing Office

The Issuing Office and Contact Person noted in the above synopsis is the sole point of contact at DAI for purposes of this RFP. Any prospective offeror who fails to register their interest with this office assumes complete responsibility in the event that they do not receive direct communications (amendments, answers to questions, etc.) prior to the closing date.

1.3 Type of Award Anticipated

DAI anticipates awarding a Firm Fixed Price Purchase Order. This subcontract type is subject to change during the course of negotiations.

A Firm Fixed Price Purchase Order is an award for a total firm fixed price, for values less than \$150,000, for the provision of specific services, goods, or deliverables and is not adjusted if the actual costs are higher or lower than the fixed price amount. Offerors are expected to include all costs, direct and indirect, into their total proposed price.

2. General Instructions to Offerors

2.1 General Instructions

“Offeror”, “Subcontractor”, and/or “Bidder” means a firm proposing the work under this RFP. “Offer” and/or “Proposal” means the package of documents the firm submits to propose the work.

Offerors wishing to respond to this RFP must submit proposals, in English and Spanish where requested, in accordance with the following instructions. Offerors are required to review all instructions and specifications contained in this RFP. Failure to do so will be at the Offeror’s risk. If the solicitation is amended, then all terms and conditions not modified in the amendment shall remain unchanged.

Issuance of this RFP in no way obligates DAI to award a subcontract or purchase order. Offerors will not be reimbursed for any costs associated with the preparation or submission of their proposal. DAI shall in no case be responsible for liable for these costs.

Proposals are due no later than January 8, 2021 by 5:00pm EST to be submitted to the following email account: Submissions_JXT@dai.com. Late offers will be rejected except under extraordinary circumstances at DAI’s discretion.

The submission to DAI of a proposal in response to this RFP will constitute an offer and indicates the Offeror's agreement to the terms and conditions in this RFP and any attachments hereto. DAI reserves the right not to evaluate a non-responsive or incomplete proposal.

2.2 Proposal Cover Letter

A cover letter shall be included with the proposal on the Offeror's company letterhead with a duly authorized signature and company stamp/seal using Attachment B as a template for the format. The cover letter shall include the following items:

- The Offeror will certify a validity period of ninety (60) days for the prices provided.
- Acknowledge the solicitation amendments received.

2.3 Questions regarding the RFP

Each Offeror is responsible for reading and complying with the terms and conditions of this RFP. Requests for clarification or additional information must be submitted in writing via email or in writing to the Issuing Office as specified in the Synopsis above. No questions will be answered by phone. Any verbal information received from a DAI or JxT's employee or other entity shall not be considered as an official response to any question regarding this RFP.

Copies of questions and responses will be distributed in writing to all prospective bidders who are on record as having received this RFP after the submission date specified in the Synopsis above.

3. Instructions for the Preparation of Technical Proposals

Technical Proposal shall be submitted in a separate email from cost/price proposals and shall be clearly labeled as "VOLUME I: TECHNICAL PROPOSAL". The technical proposal should contain a 30-minute pre-recorded presentation in Spanish and the PowerPoint file of no more than 15-slides, delivered by the proposed Lead Facilitator. The PowerPoint must address the following:

1. **Technical Approach** - Description of the proposed services which meets or exceeds the stated technical specifications or scope of work. The proposal must show how the Offeror plans to complete the work and describe an approach that demonstrates the achievement of timely and acceptable performance of the work. The proposal should specifically address the following:
 - a. Planned evaluation/assessment method pre-workshop;
 - b. A detailed outline of the planned workshop sessions in line with the tasks described in Attachment A, Scope of Work;
 - c. Example presentation of the proposed systems tool(s) and the participatory process to be used in the workshop.
2. **Management approach** – Description of the Offeror's staff assigned to the project. The proposal should describe how the proposed team members have the necessary experience and capabilities to carry out the Technical Approach. The Offeror's presentation should address the qualifications of the Lead Facilitator with a CV and three references provided as supporting documentation (not included in the 15 slides of the PowerPoint);
3. **Past Performance** –Provide a list of at least three (3) recent awards of similar scope and duration (examples of similar workshops delivered in a primarily virtual setting with brief lessons learned are most relevant). The information shall be supplied as a table and shall include the legal name and address of the organization for which services were performed, a description of work performed, the duration of the work and the value of the contract, description of any

problems encountered and how it was resolved, and a current contact phone number of a responsible and knowledgeable representative of the organization. See Attachment F.

3.1 Services Specified

For this RFP, DAI is in need of the services described in Attachment A.

3.2 Technical Evaluation Criteria

Each proposal will be evaluated and scored against the evaluation criteria and evaluation sub-criteria, which are stated in the table below. Cost/Price proposals are not assigned points, but for overall evaluation purposes of this RFP, technical evaluation factors other than cost/price, when combined, are considered significantly more important than cost/price factors. Offerors Cost proposals will be evaluated for cost realism.

Evaluation Criteria	Evaluation Sub-criteria (if needed)	Maximum Points
Technical Approach	<ul style="list-style-type: none"> - The methodological soundness of the Offeror's presentation of its approach to systems thinking - The organization and time management of the planned workshops; 	40 points
Management Approach and Personnel	<ul style="list-style-type: none"> - Clear explanation of team members assigned to perform tasks. - The experience and Spanish communication skills of the lead facilitator. 	40 points
Past Performance	<ul style="list-style-type: none"> - The relevance and application of past performance to the proposed SOW 	20 points
Total Points		100 points

4. Instructions for the Preparation of Cost/Price Proposals

4.1 Cost/Price Proposals

Cost/Price proposals shall be submitted in a separate email from technical proposals and shall be clearly labeled as "VOLUME II: COST/PRICE PROPOSAL".

Provided in Attachment C is a template for the Price Schedule, for firm-fixed price awards. Offerors shall complete the template including as much detailed information as possible.

These services are eligible for VAT exemption as per Attachment H. The Subcontractor is responsible for all applicable taxes and fees, as prescribed under the applicable laws for income, compensation, permits, licenses, and other taxes and fees due as required.

5. Basis of Award

5.1 Best Value Determination

DAI will review all proposals, and make an award based on the technical and cost evaluation criteria stated above and select the offeror whose proposal provides the best value to DAI. DAI may also exclude an offer from consideration if it determines that an Offeror is "not responsible", i.e., that it does not have the management and financial capabilities required to perform the work required.

Evaluation points will not be awarded for cost. Cost will primarily be evaluated for realism and reasonableness. DAI may award to a higher priced offeror if a determination is made that the higher technical evaluation of that offeror merits the additional cost/price.

DAI may award to an Offeror without discussions. Therefore, the initial offer **must contain the Offeror's best price and technical terms**.

5.2 Responsibility Determination

DAI will not enter into any type of agreement with an Offeror prior to ensuring the Offeror's responsibility. When assessing an Offeror's responsibility, the following factors are taken into consideration:

1. Provide evidence of the required business licenses to operate in the host country.
2. Evidence of a DUNS number (explained below and instructions contained in Attachment D).
3. The source, origin and nationality of the products or services are not from a Prohibited Country (explained below).
4. Having adequate financial resources to finance and perform the work or deliver goods or the ability to obtain financial resources without receiving advance funds from DAI.
5. Ability to comply with required or proposed delivery or performance schedules.
6. Have a satisfactory past performance record.
7. Have a satisfactory record of integrity and business ethics.
8. Have the necessary organization, experience, accounting and operational controls and technical skills.
9. Have the necessary production, construction and technical equipment and facilities if applicable.
10. Be qualified and eligible to perform work under applicable laws and regulations.

6. Anticipated post-award Deliverables

Upon award of a subcontract, the deliverables in Spanish language and deadlines detailed in below table will be submitted to DAI. The Offeror should detail proposed costs per deliverable in the Price Schedule. All of the deliverables must be submitted to and approved by DAI before payment will be processed.

No.	Description	Due Date
1	Two-page preparatory recommendations	Within 15 days of award
2	Session 1: 1 Half-day training (PowerPoint plus resource materials)	Within 30 days of award
3	Session 2: 1 Half-Day Workshop providing a detailed orientation on systems tools with	Within 30 days of award

No.	Description	Due Date
	facilitation of small group work sessions on developing a systems map	
4	Session 3: Two maps per group (as-is; to-be) with content provided by the group and two rounds of feedback for each group with formatting/visualization from the Offeror as a follow-up task.	Within 35 days of award
5	Leave-behind reference materials including, at a minimum, a guide for repeating a systems mapping exercise similar to what is facilitated in these sessions	Within 35 days of award

7. Inspection & Acceptance

The designated DAI Project Manager will inspect from time to time the services being performed to determine whether the activities are being performed in a satisfactory manner, and that all equipment or supplies are of acceptable quality and standards. The subcontractor shall be responsible for any countermeasures or corrective action, within the scope of this RFP, which may be required by the DAI Chief of Party as a result of such inspection.

8. Compliance with Terms and Conditions

8.1 General Terms and Conditions

Offerors agree to comply with the general terms and conditions for an award resulting from this RFP. The selected Offeror shall comply with all Representations and Certifications of Compliance listed in Attachment G.

8.2 Prohibited Technology

Bidders MUST NOT provide any goods and/or services that utilize telecommunications and video surveillance products from the following companies: Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company, or any subsidiary or affiliate thereof, in compliance with FAR 52.204-25.

8.3 Source and Nationality

Under the authorized geographic code for its contract DAI may only procure goods and services from the following countries.

Geographic Code 937: Goods and services from the United States, the cooperating country, and

"Developing Countries" other than "Advanced Developing Countries: excluding prohibited countries. A list of the "Developing Countries" as well as "Advanced Developing Countries" can be found at:

<http://www.usaid.gov/policy/ads/300/310maa.pdf> and

<http://www.usaid.gov/policy/ads/300/310mab.pdf> respectively.

DAI must verify the source and nationality of goods and services and ensure (to the fullest extent possible) that DAI does not procure any goods or services from prohibited countries listed by the Office of Foreign Assets Control (OFAC) as sanctioned countries. OFAC sanctioned countries may be searched within the System for Award Management (SAM) at www.SAM.gov. The current list of countries under comprehensive sanctions include: Cuba, Iran, North Korea, Sudan, and Syria. Goods may not transit through or be assembled in comprehensive sanctioned origin or nationality countries nor can the vendor be owned or controlled by a prohibited country. DAI is prohibited from facilitating any transaction by a third party if that transaction would be prohibited if performed by DAI.

By submitting a proposal in response to this RFP, Offerors confirm that they are not violating the Source and Nationality requirements of the goods or services being offered and that the goods and services comply with the Geographic Code and the exclusions for prohibited countries outlined above.

8.4 Data Universal Numbering System (DUNS)

There is a **mandatory** requirement for your organization to provide a DUNS number to DAI. The Data Universal Numbering System is a system developed and regulated by Dun & Bradstreet (D&B) that assigns a unique numeric identifier, referred to as a "DUNS number" to a single business entity. Without a DUNS number, DAI cannot deem an Offeror "responsible" to conduct business with and therefore, DAI will not enter into a subcontract/purchase order or monetary agreement with any organization. The determination of a successful offeror/applicant resulting from this RFP/RFQ/RFA is contingent upon the winner providing a DUNS number to DAI. Offerors who fail to provide a DUNS number will not receive an award and DAI will select an alternate Offeror.

All U.S. and foreign organizations which receive first-tier subcontracts/ purchase orders with a value of \$30,000 and above **are required** to obtain a DUNS number prior to signing of the agreement.

Organizations are exempt from this requirement if the gross income received from all sources in the previous tax year was under \$300,000. DAI requires that Offerors sign the self-certification statement if the Offeror claims exemption for this reason.

For those required to obtain a DUNS number, see Attachment D - Instructions for Obtaining a DUNS Number - DAI'S Vendors, Subcontractors

For those not required to obtain a DUNS number, see Attachment E: Self Certification for Exemption from DUNS Requirement

9. Anti-Corruption and Anti-Bribery Policy and Reporting Responsibilities

DAI conducts business under the strictest ethical standards to assure fairness in competition, reasonable prices and successful performance or delivery of quality goods and equipment. **DAI does not tolerate the following acts of corruption:**

- Any requests for a bribe, kickback, facilitation payment or gratuity in the form of payment, gift or special consideration by a DAI employee, Government official, or their representatives, to influence an award or approval decision.
- Any offer of a bribe, kickback, facilitation payment or gratuity in the form of payment, gift or special consideration by an offeror or subcontractor to influence an award or approval decision.
- Any fraud, such as misstating or withholding information to benefit the offeror or subcontractor.

- Any collusion or conflicts of interest in which a DAI employee, consultant, or representative has a business or personal relationship with a principal or owner of the offeror or subcontractor that may appear to unfairly favor the offeror or subcontractor. Subcontractors must also avoid collusion or conflicts of interest in their procurements from vendors. Any such relationship must be disclosed immediately to DAI management for review and appropriate action, including possible exclusion from award.

These acts of corruption are not tolerated and may result in serious consequences, including termination of the award and possible suspension and debarment by the U.S. Government, excluding the offeror or subcontractor from participating in future U.S. Government business.

Any attempted or actual corruption should be reported immediately by either the offeror, subcontractor or DAI staff to:

- Toll-free Ethics and Compliance Anonymous Hotline at (U.S.) +1-503-597-4328
- Hotline website – www.DAI.ethicspoint.com, or
- Email to Ethics@DAI.com
- USAID's Office of the Inspector General Hotline at hotline@usaid.gov.

By signing this proposal, the offeror confirms adherence to this standard and ensures that no attempts shall be made to influence DAI or Government staff through bribes, gratuities, facilitation payments, kickbacks or fraud. The offeror also acknowledges that violation of this policy may result in termination, repayment of funds disallowed by the corrupt actions and possible suspension and debarment by the U.S. Government.

10.1 Attachment A: Scope of Work for Services or Technical Specifications

PERIOD OF PERFORMANCE <i>ON/ABOUT (FROM – TO)</i>	January 21, 2021	February 26, 2021
EXPECTED BUDGET RANGE	\$20,000 to \$25,000	
BASE OF OPERATIONS	Remote/Virtual work approved due to travel restrictions during Covid-19 pandemic	
POSITION REPORTS TO	Jaime Torres-Melo, Chief of Party	

1. PROJECT BACKGROUND:

The purpose of the *Juntos por la Transparencia* Activity (JxT) is to support locally-driven solutions to increase transparency and accountability and effectively reduce corruption in Colombia. This Activity helps strengthen citizen-responsive governance and increase citizen trust. The Activity accomplishes this purpose by leveraging targeted stakeholders' expertise, engagement, and unique positions of influence to achieve the following objectives:

1. Advance national-level government transparency and accountability initiatives;
2. Promote local-level civic participation;
3. Strengthen oversight and control institutions' efforts to fight corruption
4. Promote a culture of transparency, and accountability;
5. Promote local partner capacity and sustainability.

The Activity increases local partner capacity and sustainability to support their initiatives to reduce corruption and support transparency.

2. Purpose

The purpose of the proposed purchase order is to support the JxT project team and its partners to familiarize themselves with the concepts and terminology of systems thinking, and support initial collaboration between the five organizations involved in implementation (DAI/JxT, Transparencia por Colombia, Foro Nacional por Colombia, Universidad de los Andes, La Silla Vacía). DAI as the prime awardee for this project wishes to use the opportunity to bring together each partner with the project staff members with whom they will collaborate, to have the tools and shared vocabulary to generate a shared understanding of the "accountability system" within which they will operate. The expectation is that this group will need to be brought through an interactive training on the basics of systems thinking, debate and discuss the utility and application of the concept to the development context in Colombia, and then work together in small groups to develop a first draft of a stakeholder map.

3. Tasks

The project requires the services of expert facilitators to:

- a. Assess the different levels of experience and comfort of the participants with systems thinking through means to be determined by the offeror.
- b. Session 1: Provide a half-day of training on Systems Thinking, broadly.

- c. Session 2:
 - a. Review key concepts and provide an orientation to a selected systems thinking tool or tools, and help breakout groups adapt the tool to their context.
 - b. Facilitate a series of small group discussions amongst up to six different breakout groups (project staff members will be available to serve as small-group facilitators) to develop their own systems maps (TBD depending on the selected tool) relevant to their region of focus.
 - c. Each team should develop two maps: one of the system as it is, and another of the system as it should be (does this match our theory of change?). The system should have the main stakeholders (formal and informal), their relationships and incentives. The idea is for participants to find the most “effective” entry points for change.
- d. Session 3:
 - a. Provide methodological feedback on draft maps from Session 2 to the small groups and send them back to make revisions together.
 - b. Based on the feedback, participants should finalize the causal loop diagrams / or another tool to present a graphical representation of the system they will be working with.
 - c. Provide final round feedback.
 - d. Facilitate group discussion around observations about the process and lessons learned.
- e. Via email and a shared drive, provide the project team with “leave-behind” resources on systems thinking in general, methods behind use of systems tools, and practical guidance they can use to refine their map and/or repeat the process with local stakeholders.

4. Deliverables

All deliverables will be completed in Spanish.

- a. Preparatory recommendations (2 pages)
- b. Half-day training (PowerPoint plus resource materials)
- c. Orientation on tools
- d. Facilitated small group discussions with two rounds of feedback
- e. Two maps per group with content from the group and formatting/visualization from the Offeror
- f. Leave-behind materials

10.4 Attachment D: Instructions for Obtaining a DUNS Number - DAI'S Vendors, Subcontractors

INSTRUCTIONS FOR OBTAINING A DUNS NUMBER

Note: There is a Mandatory Requirement for your Organization to Provide a DUNS number to DAI

I. SUBCONTRACTS/PURCHASE ORDERS: All domestic and foreign organizations which receive first-tier subcontracts/ purchase orders with a value of \$30,000 and above are required to obtain a DUNS number prior to signing of the agreement. *Your organization is exempt from this requirement if the gross income received from all sources in the previous tax year was under \$300,000. Please see the self-certification form attached.*

II. MONETARY GRANTS: All foreign entities receiving first-tier monetary grants (standard, simplified and FOGs) with a value equal to or over \$25,000 and performing work outside the U.S. must obtain a DUNS number prior to signing of the grant. All U.S. organizations who are recipients of first-tier monetary grants of any value are required to obtain a DUNS number; the exemption for under \$25,000 applies to foreign organizations only.

NO SUBCONTRACTS/POs (\$30,000 + above) or MONETARY GRANTS WILL BE SIGNED BY DAI WITHOUT PRIOR RECEIPT OF A DUNS NUMBER.

Note: The determination of a successful offeror/applicant resulting from this RFP/RFQ/RFA is contingent upon the winner providing a DUNS number to DAI. Organizations who fail to provide a DUNS number will not receive an award and DAI will select an alternate vendor/subcontractor/grantee.

Background:

Summary of Current U.S. Government Requirements- DUNS

The Data Universal Numbering System (DUNS) is a system developed and managed by Dun and Bradstreet that assigns a unique nine-digit identifier to a business entity. It is a common standard world-wide and users include the U.S. Government, European Commission and the United Nations. The DUNS number will be used to better identify related organizations that are receiving U.S. federal funding, and to provide consistent name and address data for electronic application systems.

Instructions detailing the process to be followed in order to obtain a DUNS number for your organization begin on the next page.

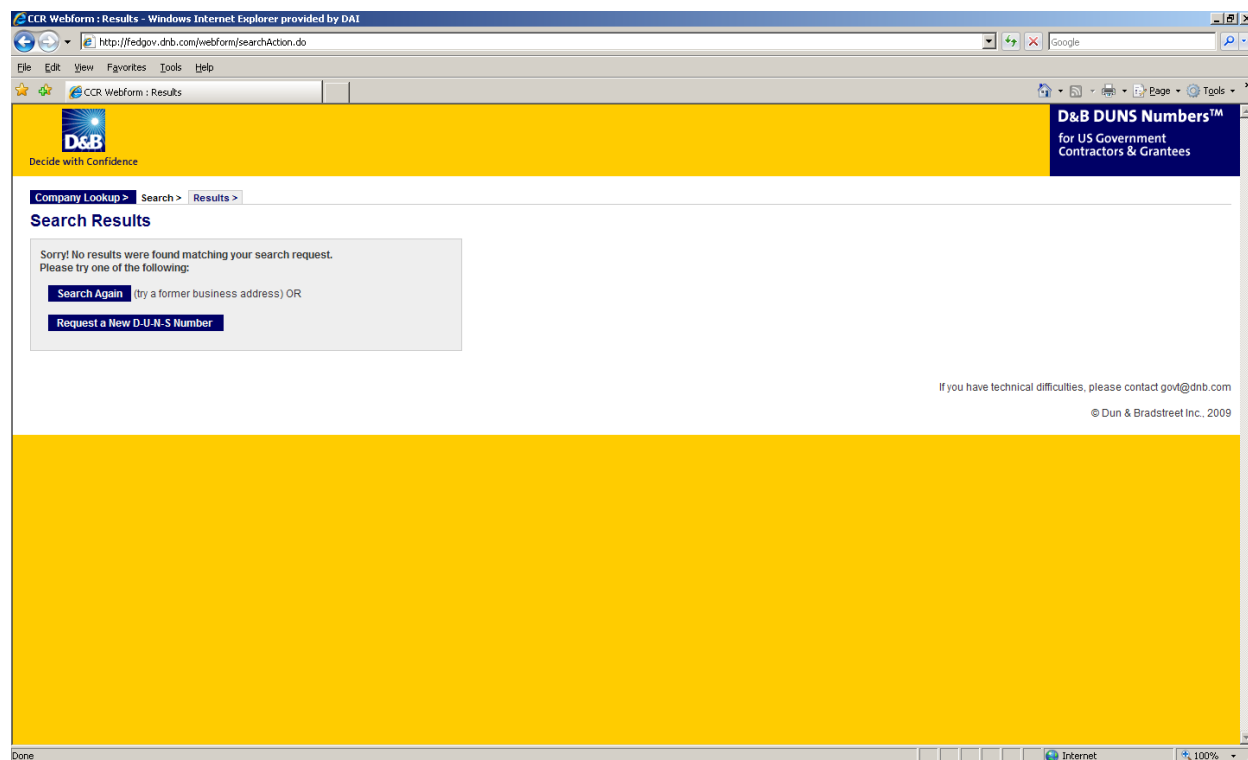

THE PROCESS FOR OBTAINING A DUNS NUMBER IS OUTLINED BELOW:

1. Log on to the D&B (Dun & Bradstreet) DUNS registration website to begin the process of obtaining a DUNS number free of charge.

<http://fedgov.dnb.com/webform/index.jsp>

Please note there is a bar on the left for Frequently Asked Questions as well as emails and telephone numbers for persons at Dun & Bradstreet for you to contact if you have any questions or difficulties completing the application on-line. DAI is not authorized to complete the application on your organization's behalf; the required data must be entered by an authorized official of your organization.

2. Select the Country where your company is physically located.
3. You will first be asked to search the existing DUNS database to see whether a DUNS number already exists for your organization/entity. Subcontractors/grantees who already have a DUNS number may verify/update their DUNS records.
4. Potential DAI subcontractors/vendors/grantees who do not already have a DUNS number will be shown the screen below. To request a new DUNS Number, the "Request a New D-U-N-S Number" button needs to be selected.

5. Enter the information regarding your organization listed on the next three screens. (See screen shots below.) Make sure you have the following information available (in English) prior to beginning the process of entering this section in order to ensure successful registration.
 - Legal Business Name (commas are allowed, periods are not allowed)
 - Address

- Phone
- Name of Owner/Executive
- Total Number of Employees
- Annual Sales or Revenue (US Dollar equivalent)
- Description of Operations

6. Note that some fields are Optional, however all other fields must be completed to proceed further with the application process. For example, all applicants must complete the Organization Information sections. The Company Name and Physical Address fields are self-populated based on information previously entered during the initial DUNS search. The question marks to the left of the field provide additional information when you click on them.

7. You must select the legal structure of your organization from the pull-down menu. To assist you in selecting the appropriate structure that best represents your organization, a brief description of the various types follows:

- **Corporation** – A firm that meets certain legal requirements to be chartered by the state/province in which it is headquartered by the filing of articles of incorporation. A corporation is considered by law to be an entity separate and distinct from its owners. It can be taxed; it can be sued; it can enter into contractual agreements.
- **Government** - central, province/state, district, municipal and other U.S. or local government entities. Includes universities, schools and vocational centers owned and operated by the government.
- **Limited Liability Company (LLC)** - This is a type of business ownership combining several features of corporation and partnership structures. It is designed to provide the limited liability features of a corporation and the tax efficiencies and operational flexibility of a partnership. Its owners have limited personal liability for the LLC's debts and obligations, similar to the status of

shareholders in a corporation. If your firm is an LLC, this will be noted on the organization's registration and licensing documents.

- **Non-profit** - An entity which exists for charitable reasons and is not conducted or maintained for the purpose of making a profit. Any money earned must be retained by the organization, and used for its own expenses, operations, and programs. Most organizations which are registered in the host country as a non-governmental organization (NGO) rather than as a commercial business are anon-profit entities.

Community based organizations, trade associations, community development councils, and similar entities which are not organized as a profit-making organization should select this status, even if your organization is not registered formally in country as an NGO.

- **Partnership**- a legal form of operation in which two or more individuals carry on a continuing business for profit as co-owners. The profits and losses are shared proportionally.
- **Proprietorship**-These firms are owned by one person, usually the individual who has day-to-day responsibility for running the business. Sole proprietors own all the assets of the business and the profits generated by it.

8. One of the most important fields that must be filled in is the Primary SIC code field. (See screen shot below.) The Primary Standard Industrial Code classifies the business' most relevant industry and function.

You affirm that you are a principal, owner or officer of the entity for which you are submitting proposed information and/or changes and that you are properly authorized to submit these changes. You also agree not to knowingly provide any false or misleading information to D&B. Knowingly providing false or misleading information may result in criminal or civil penalties as per [Title 18, Section 1001 of the US Criminal Code](#), and may negatively impact the status of the D&B report maintained on this company.

This also includes the use of a Shelf Corporation. D&B defines a Shelf Corporation as one that exhibits either of the following characteristics: (1) An aged corporation where no prior business activities could be confirmed or (2) An aged corporation that was revoked, dissolved or went to a dormant status, and is subsequently reinstated and is under new control. It is D&B's policy that the historical business activity of a Shelf Corporation, if any, will not be factored into the determination of such Shelf Corporation's start date. As such, any individual who attempts to misrepresent the start date of their business through the use of a Shelf Corporation or any other means is immediately put on information alert status or higher-risk status. In addition, the criminal penalties mentioned above may apply.
