Modification 01
to
Request for Proposals (RFP)
No. 2022-10

Digital Strategy: Design, Development and Implementation of the Digital
Government Online Training

Issue Date: June 28, 2022

1. Purpose

Modification 01 adds Attachment I to this RFP, consisting of responses to questions and requests for clarifications received by June 27, 2022.

2. Attachment I: Responses to Questions and Requests for Clarification

1. Are we able to partner with our vetted vendors, to offer a studio and have staff on site to manage recording and sound, under this agreement?

Yes

2. Are there any insights you can share about the anticipated length of the pilot, including collated feedback?

The approach and strategy for the pilot is to be determined by DAI and the partner during the training design and implementation

3. Will we be required to provide a subject matter expert?

Subject matter expert in adult learning is required. Please check the desired personnel qualifications on [page 5 and 6 of the RFP](#).

4. It is noted that videos are required to be produced with the USAID standard of 508 compliance. Can this be unpacked further so we know the exact expectation on 508 compliance.

The section 508 of the rehabilitation Act requires that all external public facing content and non-public facing official agency communications be accessible. More information can be found [here](#).

All other RFP terms remain unchanged. The deadline for submission of proposals remains July 11, 2022, no later than 5pm EST, to DigitalFrontiers@dai.com
