Strengthening Public Financial Management for Social Protection (SPFMSP) Programme

Delivering Social transfers from Government to People

RESULTS

Development of an MIS Integrated G2P Payment System

⬇

26 Million Beneficiaries paid through Digital G2P Payment System.

Central Financial Division MIS linked to 15 Social Safety Net programmes

⬇

G2P Payment System to be fully adopted by the Government of Bangladesh for all Social Cash Transfers (reaching up to 36 million beneficiaries)

G2P Payment System adapted to enable cash transfers to people adversely affected by Covid-19

⬇

Contributing to the development of a shock-responsive MIS beyond the immediate Covid-19 crisis

IMPACTS

Poverty Database
A Consolidated MIS that may become future Social Registry

Eliminate Leakages
A Digital G2P Payment System set to Handle all G2P Transfers

Manage Disasters
Reconfirmed GoB strategy for life-cycle approach to manage chronic and short term shock risks

Greater choice and flexibility
Better access to digital finance for poor and vulnerable people

Improved Transparency and Accountability
at all levels of Government

Poverty Reduction
Increased coverage of Social Safety Net Programmes

Databases
Birth registration Information System and National Identity Card

Integrated Beneficiaries Database

Social Protection Budget Management Unit (SPBMU) MIS

Reporting

Web Portal
(Data Analytics & Dashboard)

G2P Payments (SPBMU)

Integrated Budget and Accounting system (iBAS++)

Bangladesh National Bank

Ministerial MIS systems – Cash transfer programmes
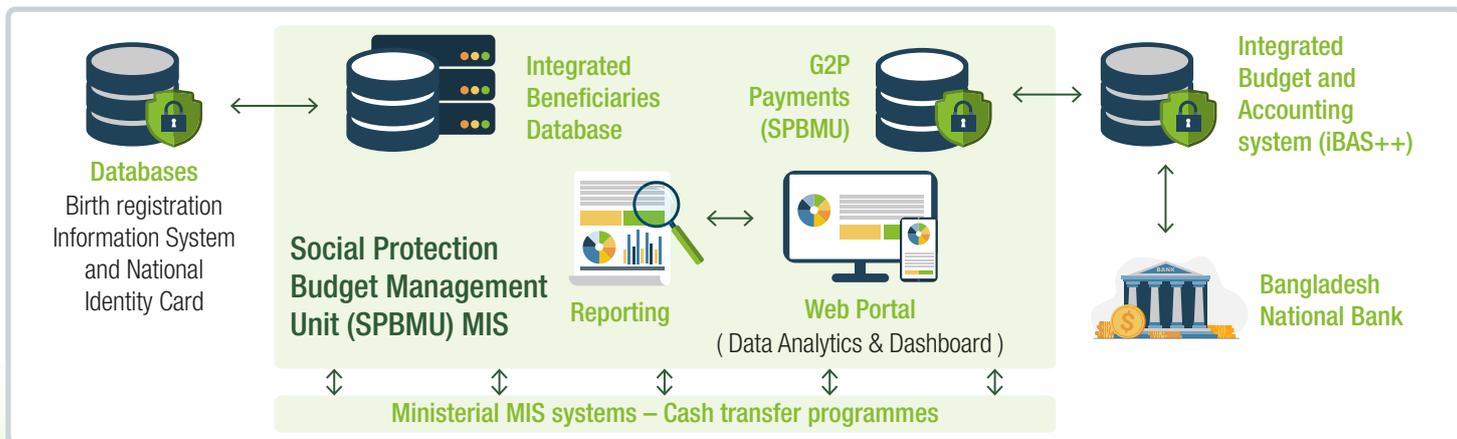

HOW DID WE DO THIS?

- Consultative research, diagnosis and agreed reform plans
- Supported Government of Bangladesh to develop an integrated Grievance Redressal Mechanism System (GRMS)
- Supported Government of Bangladesh to introduce Data Use Policy and Risk Management tools.
- Developed capacity of public administrators
